Another in this same issue says, we started toward camp and just as we came out of the timber to an opening a fine doe jumped out and started away from us. We both began shooting at her and fired seven shots before she fell. Think of it, boys, such a ruthless slaughter of female deer! When a doe is three years old she brings forth two fawns and if she is unmolested this will be repeated for each succeeding year for six or seven years. Just figure for yourself a little and you will soon see the number of deer destroyed when one doe is killed. I have hunted in different places in California, where the man who killed a doe was forever in disgrace, and have known of men being driven...
