You might rule over a vast forest, or your word may be law in a city. The resources of the place are yours and the people look to you for guidance and leadership. In the Dark Medieval, land is power. What will you do with yours? Right of Princes is the primer on ruling and commanding a domain for all of the Dark Ages games, from a vampire's dark fief to a mage's arcane chantry to a werewolf or inquisitor's hunting grounds. Players will find rules and suggestions for developing their characters' homesteads both individually and as a group - as well as tips for defending them when a rival turns a jealous eye.
