APress. Paperback. Book Condition: new. BRAND NEW, AdvancED Flex Application Development: Building Rich Media X, R. Blank, Chirs Charlton, Omar Gonzales, Hasan Otuome, Many Flex books cover the basics--this book does something different, and goes far further. The authors, leading Flash platform developers at Almer/Blank, working with Adobe User Group communities, are the creators of the Rich Media Exchange (RMX), a social media network for Adobe developers. In covering just how the RMX was built, this book contains all the knowledge you need to build similar large-scale rich Internet applications with Adobe Flex. From the inception of the idea through to deployment, the authors show the techniques needed to plan and build advanced applications. You'll learn how to use forms, styles, validators, video, sound analysis, and framework caching, ensuring you make the most of the features introduced in Flex 3. Powerful applications require solid back ends. This book shows how to hook up a Flex application to PHP back-end systems such as Drupal and OpenAds. You'll learn how various parts of the RMX were built, including the blogs, event calendar, jobs board, and advertising system--elements that come together to really showcase the power of Flex. The RMX is built by Adobe developers for Adobe developers--a rewarding community relationship that guarantees results. The same spirit is carried into this book, with the authors wanting and helping to take you to the next level of Flash application development. What you'll learn \* Effectively plan, wireframe, specify, develop, and release large-scale Flex applications, and discover what other development tools you'll want to start using immediately \* Make your Flex applications look less like Flex with advanced styling and skinning techniques \* Harness advanced Flex form features, including coding validators and building your custom form components \* Implement a robust advertising system for a...
